

Beltrami's letter

May 20, 2025

Ciao Hyun Jin Nim.
How are you doing?

I use the term Ciao, because I love you and respect you.

If I'm correct in a few days it will be your 56th birthday. HAPPY BIRTHDAY!

For that special day I'm sending you a HISTORICAL copy of the PEACEMAKER AND UNIFIER book made for the occasion of True Father visiting Moscow.

I happened to be present for the event, and it was truly a "Moscow Rally" that Father predicted a few decades earlier.

So, this is my little gift to you for all you did for True Father and the Second Gen, please accept it.

I also credit you with giving me the inspiration to go forward and compete in the Paralympic Games in Barcelona back in 1992. I know, it was a long time ago but I still have a good feeling about that race as it was the only one where I got a silver medal competing for the US Paralympic Cycling Team.

Amongst the many other accomplishments, you were instrumental in inspiring and motivating many of our second gen to go beyond themselves and learn how to serve and bring personal victory with their STF training. Fortunately, I do have examples of such valuable training in both, my son Michelangelo and his wife Erika who graduated from STF, and the results are seen in their lives as a united couple raising two wonderful children.

However, the purpose of this letter is not only to look back at things of the past, but to consider also future situations.

Since True Father's passing all of us feel a loss because he was truly everything to us. So, to offset that feeling a number of us have been meeting every night over the last 7 years to read TF words and discuss it together. This group of mainly Family Fed members along with members of other UC groups. In talking to them and many others the feeling is pretty much the same: they would like to see the brothers unite to bring back some semblance of the True Family.

We now know what happened within the True Family even before True Father passed. We have come to know the drama of Mother's betrayal which brought devastating pain to True Father, and the rest of the True Family, and has sent shock waves through the church community.

However, this continued division among the brothers of the True Family is something that True Father and God must be looking for a way to resolve.

Recriminations, accusations by one side to the other doesn't really help the situation. They create more acrimony, more resentment amongst those same male children who we believe hold the key of God's work for the future of this world.

All members among the various factions consider the True Children important Biblical figures in the same way True Father was. However, this division is taking a silent toll. Many regard this situation like a slow bleeding of a body that eventually will terminate one of the most vibrant religious movements since the great revival.

How are we going to resolve this disunity? Are we going to let secular courts bleed out most of the assets accumulated with precious blood sweat and tears by our members overseas?

I'm sorry to say that history will not look so kindly to those who put positions and power ahead of family traditions and God's Will.

For earthly possessions, power and social status are quite insignificant in God's eyes.

Then, what has God been looking for throughout history? God has been looking for people who are capable to overcome barriers of the heart. Jesus was such a victor, so was True Father. They were able to embrace their enemies and turn them into friends, into brothers.

Are you not sons of that victorious Father?

Particularly I feel that you, along with Kook Jin and Hyung Jin as brothers with the same True Father's blood running through their veins hold the destiny and the future of God's work on this earth.

Most members I've talked to wish you could all determine to work together overcoming bad events of the past, and other difficult situations by finding some sort of compromise and gradually plan for a brighter future for all of you.

Wouldn't that be something?

As God has worked silently to bring down the fall of the Soviet Empire based on True Father's sacrificial conditions, God is looking for champions like you to lay the groundwork for unconditional unity. That formidable event could serve as the base to challenge the deviated "only begotten daughter" theology, and bring back True Father's dignity through the unity of His victorious children.

God has incredible Blessings stored for all those who overcome the most difficult challenges of the heart.

And that is what the world is waiting to see.

True Father put God's heart first, regardless of his situation he took the bold initiative and went straight to the enemy and embraced him. True Father did this out of love, overcoming the fear of being rejected, ridiculed, or even killed.

True Father brought the victory for God's regardless of difficulties, regardless of the challenges he faced. He did it all because it was the right thing to do.

1 John 2

Anyone who claims to be in the light but hates a brother or sister is still in the darkness. Anyone who loves their brother and sister lives in the light, and there is nothing in them to make them stumble. But anyone who hates a brother or sister is in the darkness and walks around in the darkness. They do not know where they are going, because the darkness has blinded them.

Matthew 5:44 and Romans 12:14

But I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you;

Romans 12:20-21

On the contrary, "If your enemy is hungry, feed him; if he is thirsty, give him a drink. For in so doing, you will heap burning coals on his head." / Do not be overcome by evil, but overcome evil with good.

I'm not suggesting anything in particular. I'm merely hoping to see ONE of the "True Brothers" put aside the bad feelings of the past and start making a move forward that eventually will ease God's and True Father's heart.

The first step is always the most difficult one. However, a Biblical figure will rise among the Moon brothers and will take the initiative to start something extraordinary.

God can't wait to see His Beloved Champions unite and move the world toward a situation where the establishment of the Kingdom of Heaven on earth is possible.

Someone's got to start a conversation somewhere, so, why not you?

Respectfully,

P.A. Beltrami

Along with hundreds of other brothers and sisters who support the idea.

PS: I'm also sending this letter to the other two Moon brothers... so, I'm not singling you out.

Ciao!
