

Statement on the Arrest of Mrs. Hak Ja Han Moon

Pastor (Sean) Hyung Jin Moon

I am following reports of the arrest of my mother, Mrs. Hak Ja Han Moon, by Korean authorities. Unfortunately, this was prophesied by True Father's 3 Kingships, 12 years ago till now. And this is only the beginning of the Judgment.

From September 2012 to February 2013 and continuing to January 2015, I desperately pleaded with my mother not to deviate from the course set for her and all humanity by True Father Sun Myung Moon. But she could not be reasoned with.

She changed the name of the monotheistic God (Hananim) to a ditheist (hanilbumonim) god/s. She falsely declared True Father, the Messiah and Returning Lord, to have been born with original sin, and that she could remove his original sin by their marriage because of HER sinless birth (never in the history of the Unification Church was this taught). She replaced True Father's canonical texts with her own texts, which He commanded could never be touched or altered. She betrayed True Father by enacting a coup against His 3 Kingships, which True Father personally crowned (by his own hand) in three different crowning ceremonies while on the earth. In short, she created a new shamanic religion centered on herself as God while exploiting True Father for his image and name.

True Father wrote when he selected me (I didn't anoint myself) as his "Heir," "Successor" and "Representative Body," that any other that tries to rebel against Him, claiming succession is an "이단자" "폭파자" ("heretic" and "destroyer"). Nobody knew at the time but now we can see that Han Hak Ja, my physical mother has become one such, "heretic" and "destroyer" a biblical "Harlot of Babylon" and is being judged by True Father who sits on the throne of God in Heaven.

We lost everything when we made it clear that we would not participate in the traitorous betrayal of our True Father. We were driven into the wilderness course, scorned and defamed as unfilial, cursed and hated, but by the grace of our Father in Heaven true believers in our True Father started gathering, and I formed World Peace and Unification Sanctuary (a Chinese calligraphy True Father wrote for me in Korea while he was on earth). Now, thousands have returned to Father's authority (despite us having sparse resources) because they LOVE TRUE FATHER. NOT MONEY & RESOURCES. However, my

mother's heresy and those who profited from aiding the Han heresy have lost God's blessing and judgment has come to her rebellious organization that has betrayed the Lord (both the Korean and Japanese Governments have cracked down on her heretical organization).

As a practice, we pray every day that Hak Ja Han, my physical mother repents of her horrendous and hideous sins against the True Father and return to Father's authority as a regular member just like Choi Sungil after she failed at the 1st True Mother's position. True Father has already selected the perfected True Mother, Kang Hyunshil (his first South Korean and most loyal disciple) to serve True Father's Three Kingdoms as she finished her earthly mission to Perfection, rejecting the Han heresy, losing everything but serving with fidelity and loyalty until her Ascension. She is now the REAL TRUE MOTHER IN HEAVEN beside our TRUE FATHER.

If Hak Ja Han, my physical mother, does not repent before she dies, her soul will suffer eternal torment and separation from the Love of God, True Father and this I truly dread. We at Sanctuary have had a 12 year, ongoing prayer every day for her and those that profited off of her lust for glory to repent of her/their horrific sins against the True Father of Heaven and Earth.

We praise God and our Loving Father in Heaven for enacting justice against this evil heresy proving once again that He is the Returning Lord. He is Just but Merciful and he is calling the lost sheep back to his flock. True Father's 3 Kingdoms continues to march forth to the True Cheon Il Guk, and the New Jerusalem for the glory of our True Father in Heaven.

Glory be to the Lord, Jesus Returned, our True Father of Heaven and Earth, Sun Myung Moon and His Victorious Perfect Bride, True Mother Kang Hyunshil!

Onward!

Hyung Jin Moon
